

Possible External View

The positioning of the extension has been chosen to avoid sensitive graves

The DAC (St. Albans Diocesan Advisory Committee) have given their support for this design but with some detailed comments about the roofline.

Next Steps

- Pre application to Dacorum Borough Council
- Design adjustments
- Conservation advice
- Consultation with Historic England, independent church pew specialist, Parish Council

Schools have changed since Victorian times: our church needs to change

St. Lawrence Church

Building Projects Group

Consultation with the community

A Vision for a church of the 21st Century

Our Aim is to develop our church building to be :

- One that is suited to diverse and flexible forms of worship and teaching,
- One of broad suitability to be used throughout the week by both church and community
- While preserving its heritage and beauty
