1. Coronavirus

Our Lord and Saviour we give thanks for the continued success of the distribution of the vaccine in this country and for the steady decline in new cases. We pray that this will become universal and that our politicians will step back from using vaccination as a pawn between nations. Please ensure that those that have the vaccine will come to the aid of those who have neither the technology nor the resources to be self-sufficient. In particular we pray for those in India, Nepal and other countries in Asia.

We pray that you will spare us the trials of another wave as the Indian mutation infiltrates some of our communities.

Please comfort those who have suffered the loss of family and friends and also those who are suffering the long term effects of the virus. At the same time we thank you for restoring to us all those who have been healed.

People have suffered from the effects of isolation, others have lost their jobs and more may yet do so. Please bring relief to those who are so affected.

2. OUR WORLD AT HOME AND ABROAD

The world continues to be at war. At this time in particular, the people of Israel and Gaza have renewed their conflict. We pray that you will turn the hearts of their populations to peace and collaboration.

3. CHRISTIAN AID WEEK

Heavenly Father – this being Christian Aid Week, we pray for the work of Christian Aid as it strives to support development, stop poverty, support civil society and provide disaster relief to the developing world.

In particular, this week, we pray for the people in those developing countries that are being so badly affected by the effects of climate change. We also pray for the provision of clean water in Kenya where they strive to combat disease and famine.

4. OUR HEALTH WORKERS

Our health workers, in the NHS, private care and care homes must now prepare for the possibility of yet another wave of infection. Please give them the strength to prevail yet again. We beseech you to keep them safe.

5. OUR FAMILIES AND COMMUNITIES

Lord Jesus. Bless our families and bind us together in love. Send your spirit to work among those whose relationships have broken down or are under stress, especially those who are suffering from the privations of lockdown and isolation.

We give thanks for all those who serve and help us in so many ways. Grant our leaders wisdom, your wisdom from above, in their dealings with us and in return give us the courage to reach out and help those around us.
