## Mark 5.21-43

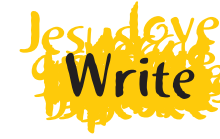

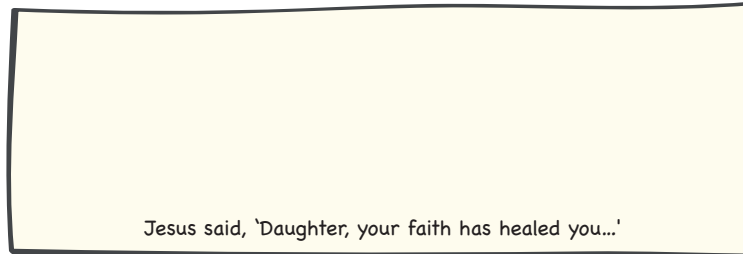

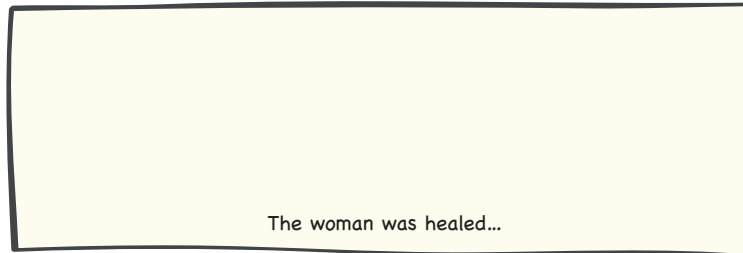

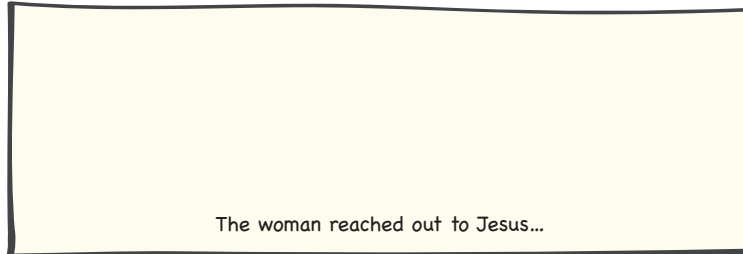

Jesus heals two people: one the daughter of a man who came and asked him, the other a woman who reaches out of the crowd and touches his robe.

The woman reaches through the crowd, to Jesus, for his help.

Draw the pictures for this simple, three-panel comic.

Imagine you are the woman who was healed. Write a letter to your friend telling them what happened and how you feel about it.

Handwriting practice area with horizontal lines on a textured background.

## Puzzle

Draw a line between two statements, to match up the things other people might need with ways that you could help them.

### When someone...

Does a good job

Doesn't understand

Has lots of work

Is hurt

Is left out

Is sad

### You could...
