

## St Lawrence Bovingdon: Altar Vestments 2021

St Lawrence Church has very little liturgical colour to distinguish the different seasons of the church year. Following a temporary reordering licence granted on 22 February 2019 we introduced four sets of a burse, veil and fall in the four main liturgical colours (white, red, purple, and green).

It was agreed that these should be made by volunteers from the Church congregation. The designs are hand embroidered on "Dupion" silk with real gold and silver.

Following the reordering licence the four sets were completed and introduced. A secure storage box was made enabling all four sets to be stored flat in the vestry.

Permission is now sought to make these vestments a permanent addition to St Lawrence Church, following unanimous agreement by the PCC on 10<sup>th</sup> June 2021.
